

Erik Matheson Joins Webster Industries Sales Management Team

TIFFIN, OHIO - In support of Webster's business goals and the positive direction and growth of our company, Webster Industries is pleased to announce a new management structure for our sales team.

Effective June 30, 2015, Erik Matheson was appointed Director of Sales, responsible for Webster's East and Southeast sales regions.

Matheson will report directly to the Vice President of Sales and Marketing, Dean Bogner, and will be working closely with the rest of Webster's sales team and other departments.

"We are very excited to be adding a seasoned industry professional to our sales management team. Erik has the experience, knowledge, reputation and management style that makes us a perfect fit together. While Erik's career is just beginning with Webster, I am sure he will have an immediate positive impact on our performance in the marketplace and be a critical contributor to our growth objectives," said Bogner.

Erik Matheson

Matheson comes on board at Webster with a substantial background in power transmission, and brings a wealth of knowledge and insight to the Director position. His management and training experience, in addition to his excellent reputation in the industry, make him a strong addition to the Webster team.

Matheson both will be responsible for the development of regional target accounts; management and training within each territory; increasing accountability of territory representatives and accounts; recommendations of product line enhancements and additions; market development; and end user enhancement training and product specifications in key industries.

Please join us in welcoming Erik to Webster Industries.

About Webster Industries:
