

### **Webster Industries Honored with Regional Economic Development Award**

TIFFIN, OHIO - The Seneca Industrial and Economic Development Corporation is a nonprofit economic development corporation with the mission to create and retain jobs in Tiffin and Seneca County. During the 2015 Annual meeting SIEDC honored and awarded Webster Industries the Economic Development Award.

The award was accepted by Andy Felter, president and CEO of Webster Industries. Over the past few years the company has experienced a significant amount of growth, investing more than \$3 million and added 60 new employees to their ranks. In 2014, Webster announced an \$8 million project and the hiring of 65 more employees, which will bring the company to a grand total of 350 employees.

Webster has created significant job creation, retention, and expansions that have helped strengthen the economy in Tiffin. The resilient efforts that have been mentioned are why Webster has been recognized for making such an economic impact in the Seneca County area!

For additional information about the company, visit [Webster Industries' website](#) or call 419-447-8232.
